JESUS SAVES

WHAT YOU SHOULD KNOW

- 1) For all have sinned and come short of the glory of God. *Romans 3:23*
- 2) And so death passed unto all men for all have sinned. *Romans 5:12*
- 3) But God commended His love toward us, in that, while we were yet sinners Christ died for us. *Romans 5:8*
- 4) For the wages of sin is death, but the gift of God is eternal life through Jesus Christ our Lord. *Romans 6:23*
- 5) That if thou shalt confess with thy mouth the Lord Jesus, and shalt believe in thine heart that God hath raised Him from the dead, thou shalt be saved. *Romans 10:9*
- 6) For whosoever shall call upon the name of the Lord shall be saved. *Romans 10:13*

FINALLY, WILL YOU BOW YOUR HEAD AND PRAY THIS PRAYER?

Dear God,

I confess that I am a sinner. I do believe that Jesus Christ died for me to pay my sin debt and the best I know how, I trust Him now and receive Him by faith as my Savior.

Working Conditions Unknown Unless Stated

CONDITION OF SALE: THE FOLLOWING IS MADE IN LIEU OF ALL WARRANTIES EXPRESS OR IMPLIED: SELLERS ONLY OBLIGATION SHALL BE TO REPLACE SUCH QUANTITY OF THE PRODUCT PROVED TO BE DEFECTIVE. Subject: RE: approval request for Gen fuel tank temporary plumbing

Raymond,

Thanks so much for always being so willing to do work yourself to keep the costs down – it is very much appreciated!!

I would prefer you use the AMEX card – hopefully all vendors will accept it for payment.

Thanks!

To: Harold Cooper; Lisa Barna
Subject: approval request for Gen fuel tank temporary plumbing

Harold, Lisa,

Request to make purchases on credit cards with the new AMEX card or the Lowes card. This is the plumbing materials to plumb up the gen fuel tank diesel lines here at the studio. I have quotes in the \$950 to \$1100 range from plumbing vendors for a basic job without all the details included, which raise the vendor cost. However, I think we will do this ourselves, since I personally now have some crucial tools to do this job. In addition we will do the job we actually need.

Materials est:

Lowes- black pipe and fittings- \$125
McMasterCarr- brass fittings, valves, adapters- \$110
Nova Rubber- flex fuel line hoses- \$120
SunBelt Rental- 4" masonry hole saw rental- \$100

Once the plumbing is done I will have to bring in our Generator service guy to reconnect the gen hoses and test the setup. This is a cost we just have to pay by how long it takes and is a basic service call, but would guess \$400-\$500 for basic work, no parts, no fluids. No matter what we still have to do the yearly oil/filter change which is around \$600. Once done and successful then we can transfer the fuel from the

underground tank into the aboveground tank. We will have to buy some fuel, about 200 gal. during the process. Then we should be good to go till the new Genset is installed, most likely next spring.
