TAB dues are based on .03% of your station or cluster's annual net billing and should be recalculated each year. Dues are subject to a \$100 minimum and \$6,500 maximum per market, per category. For jointly managed radio & TV stations, calculate your dues separately for radio and TV so you don't exceed the \$6,500 maximum per category and then combine the amount to determine your Annual Dues.

Last year your calculated dues were \$3312

New Dues Calculation: Station(s) previous year net billing x .0003 = \$_____

Membership dues are used solely for our advocacy efforts in Austin and Washington; therefore, none of your dues is deductible.

Confirmed Combined Annual Dues \$_____

TAB Membership Annual ROI Calculation*

\$41,250 in Ad Tax Savings for every \$500,000 in Billings – TAB has defeated Ad Tax attempts nearly every legislative session since 1997, saving your station 8.25% of every dollar in ad sales.

\$8,250 in Sales Tax Savings – A station spending \$100,000/year on production and digital transmission equipment, studio electricity, and information services like newswires and ratings data saves this much each year thanks to the sales tax exemptions TAB has secured and continuously protects.

\$1,500 in Legal Fee Savings – Members save big by using TAB's free legal hotline just 6 times a year if their regular attorney charges \$250/hour.

\$3,650 in FCC Savings – Members participating in TAB's voluntary FCC inspection program (ABIP) greatly reduce the risk of FCC fines which start at \$4,000 – a great return on the \$350 ABIP fee.

**This is just what we have room to list on this invoice.*
