Thank you for your order. We understand completely that no one likes to wait for their order to arrive. Please be assured that we always work with our vendors and on our own shop floors to get you your merchandise in the fastest possible manner.

Most board and cabinet orders will take 10-12 working days to ship from the factory unless designated as a Quick Ship item. There are different ship times from various vendors for Quick Ship but the times generally range from 2 to 5 working days to leave the factory.

Opti-Rite orders typically ship in 2-3 business days from our Massachusetts warehouse while most magnetic accessories are currently shipping from the factory in about 4-5 business days.

Lead-times are the time it takes to process and in some cases manufacture your order and deliver the goods to the carrier. The actual delivery time to your door depends on the transit time from that point to your location.

If you need assistance or would like an update on your order please contact us toll free at 866-366-1500 and ask for Customer Service.

We will send you an email as soon as your order ships giving you a tracking number along with the name of the shipping company.

Thank You again for your order.

If you have any questions about your order, please [Contact Us](#)
