News you can use

Services outside the U.S.

When you send a message or use data, the transaction time is captured in your local U.S. time. When you make or receive a call while outside the U.S., the transaction time appears on your bill in the time zone of the country you visited. For the calculation of your 24 hour International Day Pass, calls will also be converted to your local U.S. time zone.

Updated terms

We have updated and combined the service agreement terms governing one or more of your AT&T services into a single, easy-to-find agreement called the Consumer Service Agreement ("CSA"), which you can review by visiting att.com/ConsumerServiceAgreement

You may have previously received a notice about the CSA, which became effective on May 5, 2021 for services you signed up for before March 8, 2021. If so, you are receiving this notice because you recently added or changed a service that is also subject to the CSA.

Effective December 31, 2021, any new AT&T Wireless, AT&T PREPAID, AT&T Phone, AT&T Fiber, Internet, Fixed Wireless, DSL, and business internet service you signed up for after March 8, 2021 will also be governed by the CSA, including its updates to our existing agreement that we will resolve any disputes informally or by individual arbitration and not by a lengthy jury trial or class action. Your continued use of AT&T service tells us you accept and agree to be bound by the CSA and its updated individual dispute resolution terms. For more information, simply visit att.com/CSA

Important information

Late payment fee

The late payment fee for consumer and Signature bills not paid in full by the payment due date is up to \$7.00.

Electronic check conversion

Paying by check authorizes AT&T to use the information from your check to make a one-time electronic fund transfer from your account. Funds may be withdrawn from your account as soon as your payment is received. If we cannot process the transaction electronically, you authorize AT&T to present an image copy of your check for payment. Your original check will be destroyed once processed. If your check is returned unpaid you agree to pay such fees as identified in the terms and conditions of your agreement, up to \$30. Returned checks may be presented electronically.

Surcharges and other fees

AT&T imposes additional charges on a per line basis, including federal and state universal service charges, an Administrative Fee (to defray certain

expenses including charges AT&T or its agents pay to interconnect with other carriers to deliver calls from AT&T customers to their customers, and charges associated with cell site rents and maintenance), and a Regulatory Cost Recovery Charge (to recover costs of compliance with certain government imposed regulatory requirements, including Wireless Number Portability and Number Pooling, and E911). These fees are not taxes or charges that the government requires AT&T to collect from its customers. See att.com/mobilityfees for details.

911 calling with TTY and Real-Time Text

Due to technical limitations, Wi-Fi Calling and NumberSync cannot be used with TTY devices and cannot support 911 calls over TTY devices. Persons with communications disabilities can use Real-Time Text (www.att.com/RTT) as an alternative to TTY. 911 services can be reached by either: (1) calling 911 using Real-Time Text or (2) calling 911 directly using a TTY over the cellular network or from a landline telephone, or (3) sending a text message to 911 directly (in areas where text-to-911 is available) from a wireless device, or (4) using relay services to place a TTY or captioned telephone service (CTS) call from a wireless phone over the cellular network or from a landline telephone, or (5) using relay services to place a IP Relay or IP CTS call over a cellular data or other IP network.
